Dear the people who held
the 'bemoremartyn' production,
after watching your
performance I have begun
to think more, I have begun
to appreciate the people
around me more and
overall started to care less
about what people think &
say. You never know your
last moment regardless of
who you are. I had laughed
& cried throughour your
performance and it really
made me consider who and
what I spend my time on.

Dear Hope Theatre Company,

After watching your performance of 'Be more Martyn', it has taught me that I should be myself and not care what others think. It also made me see that I should celebrate our influences and that we shouldn't be embarrassed of what we think, believe or feel.

Thank you for inspiring me ~~and~~ by sharing Martyn's story.

Yours sincerely,

Thank you for the show
about Marlyn and how
he was before death.

The show showed us
what kind of things
he did before his
death and was proud

to stand up for
himself by being gay.
This show reflected
in Marlyn's life.

It had the effect on me
to always love a
lost one.

I loved this performance because
not only did it make me cry but
it made me think that just
because you are gay doesn't mean
you have to hide it or be
afraid to come out. I'm sorry
for Martyn's husband's loss. But I
am sure he will live on in our
hearts. May Martyn Rest in peace

I learnt that...

I should always live my life to the fullest, even if what I want to do is extreme. I should always surround myself with the people I love and care about. I should never try with the people who don't care about me. My friends are always going to be there for me, even when I don't want them to be. I should always stay close to my best friends and keep the memories that we have shared together.

To me,
Be More Martin
was a reminder to
always be yourself.

Dear Sir/Madame,

I am writing to
inform you how much I enjoyed
the 'Be More Martin' performance. It
helped me realise that I should
live my life to the fullest and
appreciate what I have. I really
liked how the actors ~~per~~ per-

Anthony Martins mother the question
helped us realise his way of
